Rounding Corners Fine Art of Turning Them Into Curves.

By Ada Patterson.

She is a blue-eyed little milliner with a girl's figure and a woman's

they prefer to work in their own homes instead of shops. They go to the homes of their customers, inspect their new gowns, and wraps, look over the old trimmings, that women of fore-thought keep in a box of precious things for future use, and with an equal mingling of skill, brains and taste, contrives smart hats at small cost. But she is more than an artist in hats. She is a mittees of the line art of turning corners into curves.

her face. She knew the waste of time and emotion, in arguing with an angry man.

It is a fine art and like all the arts requires boundless patience. But it is possible to change most of the corners of life into curves. We can round like the medura-stelle water, five the gauze apply them, soften them, make them endura-stelle water. Ever the gauze apply

To Keep Planes Tuned Every Key Must Be Used.

the fact than et's bono has been ex-posed to dampher, or left in a strong draft of air. Usually it is because the amateur player doesn't use every has when he plays. The musician who plays merely for his own benefit, all who is far from being a skilled plants! discovers that he plays better in some one key, and consequently he selects all his music from that key. The true, musician plays all keys, and has no

preference for any particular one. If for any length of time we play almost entirely in one key, the note which are not used are found to pro-duce a different sound from those which are used constant; The skilled musicine runs his fingers lightly over the whole herboard he-

Take Lime for Tuberculosis

la the Journal of the American Medical Association (July 27, 1912, page 2308), Dr. C. F. Disea, of Minneapolis, holds that a "deficiency of calcium" (lime) is responsible for the physical conditions which lead to tuberculows, "mad the therapy he advocates rests on this busis."

One of the reasons for the again spread success of Eckmans Alterative in the treatment of tuberculosis is it ability to supply this deficience. It contains a lime sait in such combination with other valuable agents as to be easily assimilated by the average person. Many cases seem to have yielded to it.

We make no exaggerated claims for it, but prefer that it he tried on the same basis as any other prescription, and since it contains no opiates, marcotics or habit-forming drugs, it is safe. Sold by Tragle Drug Co and leading druggists.

Eckman Laboratory, Philadelphia.

Deep Apple Pie

Fill a deep earthen or granite dish cored. Sprinkle ever them one-hall cupful of brown sugar raised with one saltspoonful of allspice, or one mny use maple sugar or one-half the edge of the dish, put the paste cover with a piece of paste a little larger than the 4sh, with the extra fullness thrown back into the eenter. Press the cover to the rim, but not on the outer edge. Bake one-

cost. But she is more than an artist in hats. She is a mitress of the fine art of turning corners into curves.

Life has a great many corners, sharp, unpleasant things, turning which we are likely to be hurt, that is, unless wo can turn them in curves.

"I had a lot of trouble getting it down here on the cars, she said brightly, when I had thanked her for bringing a huge and needed box for "packing away things." "You are not allowed to take a bix parcel of any kind on the cars, I tried to get this whint he doer when the guard wasn't looking, but he turned around and caught me pushing that paper trunk on. He fairly smarked at met "You can't get that on here." I smiled and said, "O, I think I can manage it thank you." He never said another word. I took a corner seat and stood the box on end and got through."

Shie had disarmed the guard is a smile and an amable at interpretation of smile and an amable interpretation of cast is obtainable fresh every two or smile and an amable interpretation of cast is obtainable fresh every two or cast is obtained fresh every two or cast is obtained for the curving of the first income.

Interesting Facts about

Crisco is the best, the cream of vegetable oil.

Crisco is all vegetable. It remains of ideal consistency and does not separate.

Crisco keeps sweet and pure indefinitely because the parts of the oil which turn rancid have been eliminated.

Crisco makes a richer cake than butter, because it is a richer fat. Crisco is 100 per cent pure fat: butter contains approximately one-fifth water, salt

Crisco makes fried foods more digestible, because Crisco itself is perfectly digestible.

Crisco is a real food fat. Animal lard, and fats to which stearine has been added require a longer time to digest, taxing the digestive machinery.

Try Crisco today. Grocers sell Crisco in ever increasing quantities. It costs less than half as much as butter.
